Q-PAD 20’s & 30’s

1st & 3rd Thursday
8pm-10pm
Via Zoom

Q-PAD is a social and emotional support for queer and/or male-identified folks in their 20’s – 30’s. We are a peer-facilitated support group that covers a wide variety of topics under the self-identified queer/male spectrum.

Some of these topics are "more serious" - coming out, identity and anxieties, toxic masculinity, dealing with internalized homophobia (just to name a few), to "less serious" - dating, queer pop culture, activities and events outside of drinking/party culture.
